PROFILE SUMMARY

Hil I'm ARUN NARWADE, a Web Developer

I'm passionate about creating beautiful, responsive, and user-friendly websites. With a solid foundation in front-end technologies like HTML5, CSS3, and JavaScript, I specialize in crafting interactive and dynamic web experiences. I love transforming ideas into functional, visually appealing websites that provide a seamless user experience across all devices.

ACHIVEMENTS & LINKS

I have a certificate in coding and MERN Stak Cource from ItCorner

- Website: e-commerce , Portfolio & Finance Tracker
- Language: HTML, CSS, JS And React
- **Portfolio:** <https://arunnarwade.github.io/Portfolio/>

Built a responsive personal portfolio using HTML, CSS, and JavaScript to showcase skills and projects.

Added interactive UI elements like animations, hover effects, and skill progress bars for better engagement.

Optimized for mobile devices and deployed via GitHub Pages for easy accessibility.

- **E-Commerce:** <https://arunnarwade.github.io/PhotoGraphy/>

Developed a responsive photography portfolio website using HTML, CSS, JavaScript and GitHub Pages. Designed modern UI with gallery, pricing plans and contact section to showcase services professionally. Implemented smooth navigation and mobile-friendly layout for better user experience. Structured the website to support future e-commerce features like booking and service inquiries. Deployed the project online and managed version control using Git and GitHub.

- **Finance Tracker:** <https://arunnarwade.github.io/Finance/>

(Also in react)

Created a finance tracking app using HTML, CSS, and JavaScript, allowing users to record income and expense entries.

Built a live-updating balance display that adjusts automatically as transactions are added.

Ensured a simple, clean UI for ease of use, with form inputs and transaction list for clarity.

Designed responsive layout so the tracker works well on both desktop and mobile.

Deployed on GitHub Pages to demonstrate front-end development and state-management logic.
